PROFESSIONAL SUMMARY

Software developer with hands-on experience building and deploying responsive, interactive web applications using JavaScript, HTML, CSS or Tailwind CSS. Enjoys turning ideas and designs into polished user experiences, with particular interest in interactive UI, reusable components, and frontend architecture. Currently expanding my skills in GSAP to create more engaging web experiences.

EDUCATION

Software Development Programme | *CodeSpace Academy* | **Live** · **Code** 2025 – 2025

Completed as a **graduation project for the CodeSpace Software Development program**, applying JavaScript, responsive design, and frontend development skills acquired throughout the program.

- Developed a responsive **Kanban task-management web application** using **JavaScript (ES6+), HTML5, and Tailwind CSS**, enabling users to create, organize, prioritize, and manage tasks across Todo, In Progress, and Done states.
- Implemented **dynamic task creation and DOM manipulation**, including modal forms, input validation, priority-based task sorting, and real-time UI updates.

Business Administration & Management / NQF5 | *TSIBA* 2021 – 2022

Matric | *Kensington High*

WORK EXPERIENCE

Office assistant & Receptionist | *Ridon Communications (Cape Town)* Jul 2022 – Feb 2023

- Managed daily office routines, contributing to a professional environment by maintaining cleanliness and preparing morning refreshments.
- Packaged and labeled wines for clients and events, ensuring brand consistency and damage-free delivery.
- Completed time-sensitive personal and professional errands, including secure handling and delivery of high-value packages.
- Provided logistical support during company events and promotions, contributing to successful execution by working extended hours.
- Acted as the primary point of contact for deliveries and incoming calls, ensuring efficient daily operations and seamless communication.

Sales Assistant | *Geo by George (Somerset, Cape Town)* Apr 2019 – Sept 2019

PROJECTS

Glowing — Skincare E-Commerce Website — [HTML, Tailwind CSS, JavaScript] | **Live** · **Code** 2026

- Recreated a skincare e-commerce website using **vanilla JavaScript and Tailwind CSS**, building the UI with reusable components and responsive layouts.
- Implemented **shopping cart and favourites functionality** with dynamic DOM interactions and responsive navigation, turning the visual recreation into a functional e-commerce experience.

Mac Os Portfolio — [HTML, CSS, JavaScript, GSAP, PDF.js, Tippy.js, date-fns] | **Live** · **Code** 2026

Designed, engineered, and deployed this portfolio from scratch. Enjoy the unique and immersive Mac OS and IOS inspired experience with draggable windows, and animated UI interactions
